

VISA REQUIREMENTS

Candidates born outside the European Union who do not currently have a visa to stay in Europe, must select “YES” to the Attendance Form’s question: “Will you need a visa to attend to the PhD Recruitment Fair 2019?”.

Once candidates fill in the form confirming their attendance to the Fair, they will receive an Invitation Letter and an Accommodation Certificate from the CFM for their consulate/embassy to request a visa in the following days.

Then, candidates will continue with the proceedings to book the required transport (following the Transport Instructions stated by the CFM **+INFO**).

As soon as the candidates receive their travel tickets, it will be their responsibility to apply for the visa on their own with the provided documents. If any other document is needed, please contact us at phdstudents.cfm@ehu.es and our Administrative department will try to provide the requested requirements.

The CFM recommends carrying out this procedure as soon as possible, as the processing of the visa may take a few days.
